## Cross Funds

According to Bob Sayle, director of the Hancock County Cross Funds, funds are now being raised for the victims of Hurricane Camille which recently hit the coast.

He asks your check to be made payable to The American Red Cross and mail to P.O. Box 67, St. Louis, Missouri 63197.

## Governor Visits

Clare's  
Governor and Mrs. John Bell Williams and his staff attended Mass Sunday at St. Clare's Church, Waveland.

Mass, celebrated by Rev. Joseph B. Brunini, Natchez-Jackson Diocese, marked the anniversary of the death of Governor John Bell Williams.

Walter Maloney, president of the governor with the St. Clare's Church and after Camille.

## Deadline Passed

Ken Kidd, director of defense for Hancock County, said "quite a few people do not know that August 14 is the deadline for making application for any clean-up of private property. This deadline was not extended."

Work being done by the county is on public property and under a different deadline. This work is well into the phase of completion, according to Kidd.

He said there was much to be accomplished as soon as the heavy machinery and equipment was moved into the area they would be the next phase of work which includes clearing and repairing of streets.

He said it is no point in trying to get the road repair until the equipment is moved out, as it simply tears up the road and the work would have to be done all over again. A lot of time and money, according to Kidd's report, have been expended in the cleanup of the county. He said he hopes the people of this county will respond generously and help needed to alleviate the situation.

## Imitation Head Backs Sewerage Issue

"Without reservation," said S. Alliston, sanitary supervisor for the Hancock County Health Department, "I am in favor of a sewerage system for Waveland." He said the reasons for sewerage construction in that area Alliston pointed out that without such a system the Federal Housing Administration and other low-cost loans for building of residences would not be approved. A slow-down in construction at this crucial period for coastal reconstruction would be deplorable, Alliston said, and estimates that the sewerage system is feasible in Waveland construction.

tion of homes will be on the upswing.

On numerous occasions Alliston has appeared before the Hancock County Planning Commission and other civic-minded groups and stressed the dangers and pollution potential of septic tanks. He has reminded builders and would-be builders that the entire coastal area is considered low-lying land and that elevation is frequently sufficient to warrant construction of septic tank type disposal. Drainage from septic tanks can and does contaminate streams and Alliston pointed out the oyster reefs along St. Joe Bayou and Herron Bay saying: "Oysters from these waters are barely meeting U. S. Public Health Service standards."

Alliston said: "Clean water in the Mississippi Sound is necessary for recreation, for attraction of tourists, for development of industry, and for the sake of health." He added that the beaches are in danger of being closed for public use because of the existing drainage conditions. Heavy rainfalls during this month have raised the water table. Open drain ditches, in many cases, clogged. There is definitely a run-off of excess and, of course, contaminated water emptying into the Mississippi Sound as well as coming from the multiplicity of Bayou, streams and waterways that empty into the Sound, Alliston said.

With the increase in population, and the anticipated increase, Alliston believes forward thinking demands more sanitation precautions or, he warned, "We will find ourselves sinking in our own filth."

Pointing out specific instances Alliston said: "Do we want to create another Biloxi Beach Bay on our beach front?" Alliston concluded his interview by saying that as far as he knows Waveland is the largest city within the state of Mississippi that does not have a sewerage system and called it "consider this (sewerage) the most important issue that Waveland has had during the last few years."

## Camille Memorial Unites Residents

By Joe Pilet, Staff Writer  
On Monday evening and at the Tiger Stadium the first anniversary of the coming of Camille, worst storm ever to hit the Western hemisphere, became this area's common denominator uniting well over 2,000 participants as one voice in a series of thanksgiving for lives spared, favors granted, and an opportunity to rebuild. They came quietly. Some arrived at the stadium well in advance of the appointed hour.

Resolutely they climbed the bleachers and found seats. Thoughtfully they sat and reflected. Camille only a year ago had taken 144 lives along the Gulf Coast. Some thirty people are still missing and unaccounted for. Injuries ran into over 8,000 reported cases. Damages to property and homes ran into estimated billions of dollars... all this and more... just a year ago.

Were they thinking of the magnitude of the losses? Of the sound of raging storm? Of the debris that piled up like mountains? Of the mud and the stench left in the wake of the hurricane?

Possibly the thoughts were more personal. Smaller thoughts. "Why, God, unworthy as I am -- my house was spared? -- or 'Why, God, did it have to happen to me, and mine?'"

Police cars were everywhere -- from the City to the County -- from Waveland, Station wagons brought large groups. Expensive, late model cars brought fashionable and well dressed citizens. Flashy sports cars were driven by nattily attired young men. There were trucks and pick-ups and Volkswagens -- and vehicles advertising the names of firms and services. There were bicycles. Some people walked. They were all the same -- Camille, the common denominator, welded the group into one people. Americans all. Friends all. All had been touched by Camille and found a "togetherness."

As one voice the choir sang -- choirs from several faiths -- and music the universal language of the soul expressed praise and faith and courage.

Twilight faded and the glow of candle light. Memories of hardships seemed to fade. One people -- God's people -- a people of "One Nation Under God" left the Tiger Stadium of Bay High School with hope in their hearts and they left with confidence -- a quiet confidence. We've come a long way since Camille. Tomorrow will be better.

## Warns Of Tax Sale

City Commissioner, Andre Arceneaux, wishes to urge all property owners who have not as yet paid their taxes to do so prior to the advertised sale for delinquent taxes. Arceneaux said: "Once we advertise the property there is no added charge because we have to pay for the advertisement on wall as clerical costs. We are hopeful that our people will respond immediately and save themselves this added expense."

## Bay-Waveland Schools Announce Opening Date

The Bay St. Louis Schools will officially open August 28. The schools of the Bay St. Louis Municipal Separate School District will officially open for the 1970 fall term at 9:00 a.m. for registration on Friday, August 28, Superintendent J. D. McCulloch announced this week. The following holidays will be observed during the 1970-71 school term.

September 7 - Labor Day; November 26-27 Thanksgiving; December 18-Jan. 4 Christmas Holidays; February 23 - Mardi Gras; March 11-12 MEA; April 9 - Good Friday.

Faculty meetings will be held Thursday August 27 at 9:00 a.m. in the following schools: All teachers 1-6 grades, at North Bay Elem. School. All Teachers 7-9 grades, at Bay Jr. High School.

All Teachers 10-12 grades, at Bay Sr. High School.

A general meeting of all personnel will be held on August 27 at 2:00 p.m. in the auditorium of the Bay Junior High School located on Carroll Avenue. Elementary students 1-6 grades and living inside the city limits and outside added territory of the school district, will register at the North Bay Elementary School. Elementary students 1-6 grades and living inside the city limits of Waveland will register at Waveland Elementary School.

All students 7-9 grades, living within the Bay St. Louis Municipal Separate School District, will register at the Bay Junior High School.

All students 10-12 grades, and living within the school district, will register at Bay

Senior High School.

The State Department of Education allocates transportation funds only for students living outside the city limits of a municipality. Laws of the State of Mississippi passed at an Extraordinary Session of the Mississippi Legislature in 1953, Chapter 15, House Bill No. 6, so states, "pupils who live within the corporate limits of a municipality and who are assigned to a school within said

## Trial Postponed

A trial, scheduled for Friday evening, in the court of Judge Forest Necaise, has been postponed, however the date of the new trial was not immediately learned. The trial involved a person who was allegedly apprehended using the private facilities of the Bay Waveland Yacht Club while netting for shrimp. It is reported that an unpleasant situation arose when the individual was asked by a club representative to leave the premises which resulted in the formal signing of an affidavit naming Favre as defendant.

The case, when it comes to trial, would tend to clarify an old question testing riparian rights of those owning private property and bordering the Bay of St. Louis. Representatives of the Yacht Club declined to express an opinion concerning delay of the trial and Judge Necaise could not be immediately reached by phone since his working hours coincide with normal business hours.

## United Fund Board Sets Goal \$26,000

At a meeting of the Board of Directors of the Hancock County United Funds held on Monday evening in the home of the Board's President, Richard Shadoin, a goal of \$26,000 was set for the fair share to be expected from citizens of

Hancock County in the drive to begin in October which will include participation in 12 separate agencies. This information was released by Mrs. C. R. (Mae) Beyer serving as secretary for that organization.

Mrs. Beyer said: "Last year our quota was \$27,595 and there has never been a year when we did not exceed our quota." She added that much of last year's support came from those at the Mississippi Test Facility (NASA) and that due to the reduction in that force it would now be up to the people of the county to meet the need. Mrs. Beyer said she is most optimistic that the quota will not only be met, but will again be exceeded. She

## Will Hold Tax Sale

In an effort to reach all property owners who are delinquent in the payment of taxes for the year 1969 Sheriff Fred Curet has had clerks in his employ telephones as many persons as possible, however, not everyone has been notified. The Sheriff said: "Please remind the public that there will be a land sale on Sept. 21 and it would be greatly appreciated if those who are delinquent will come in and pay their taxes prior to this sale."

A listing of the properties to be sold for delinquent taxes will appear in the August 27 issue of the Sea Coast Echo.

## Sea Coast Echo Purchases Press

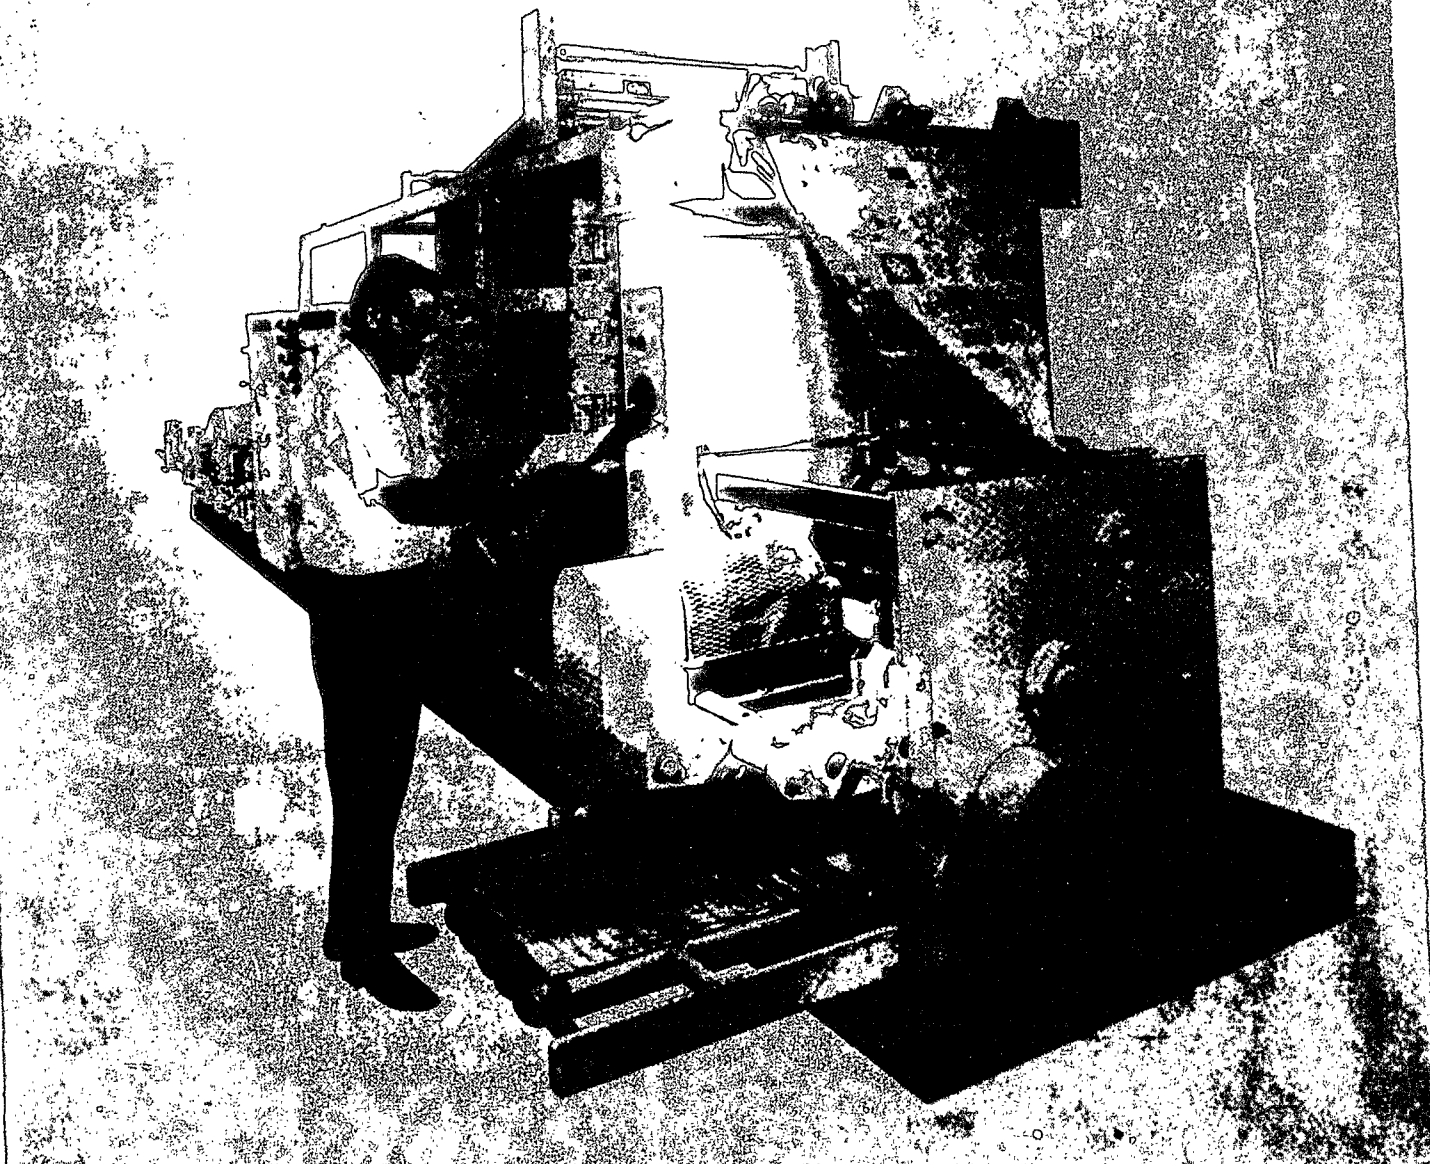

Today's edition of The Sea Coast Echo is a bright new product produced on a new Cottrell V-154 web offset press which has been installed in the newspaper production facilities at the Sea Coast Echo's printing plant in Bay St. Louis.

In updating the printing facilities, Edward Hall, Editor and Publisher for the newspaper stated that the management staff has been interested in producing the best community reproduced newspaper in Mississippi. With the new Cottrell Press the Sea Coast Echo can offer both readers and advertisers a first quality reproduced newspaper, from the standpoint of eye appeal and impact.

The press is capable of printing color advertising. The advertiser can use this to advantage in planning his advertising program, where impact needed on particular merchandise within an ad.

The new press replaces a much older model web offset press, which was purchased by the newspaper several years ago, by prior ownership of the property.

Both by the Cottrell Division of Harris-Intertype Corporation, the Model V-154 is designed to meet the needs of web offset and small daily newspapers. It offers every on-glancing feature essential for the production of high quality products.

NEW PRESS, which has been installed by The Sea Coast Echo in Bay St. Louis. The new 3-unit Cottrell V-154 newspaper press installation was completed Wednesday, with the first product off the press with this edition.

### OUR OPINION

## A Must For Waveland!

The Town of Waveland has been given the opportunity of a lifetime. The Federal Government has offered the people of Waveland over one million dollars to help finance a proposed Sewerage System.

The Sewerage System is undoubtedly badly needed. Statements of officials of the State and County Health Departments warn of possible pollution and health problems. The absence of a modern Sewerage System could mean the loss of both industry and commerce to the Town of Waveland.

In order to finance the remainder of the cost of the System, the City Officials have asked the residents of Waveland to pass a bond issue totaling \$955,000.00. Although it seems like a great deal of money, it is a small price to pay for something that is not only needed but necessary.

If the bond issue is defeated, the Federal Government will withdraw the offer and the money will go to another town. The residents of Waveland are urged to vote Saturday and to vote FOR the bond issue. In doing so, you will vote for a better Waveland.

### Julius Peterson

Julius Peterson, 55, died at 3 p.m., Saturday, August 15, in Hancock General Hospital.

A native of White Cypress and a life-long resident of Hancock County, Mr. Peterson was a retired longshoreman and a member of White Cypress Catholic Church.

Survivors include a daughter, Mrs. Marie Scudery, two brothers, Mr. L. Peterson, White Cypress, and Andrew Peterson, R. 2, Perdiston; two sisters, Mrs. Viola Hada, White Cypress, and Mrs. Evelyn Cuswa, Perdiston; and seven grandchildren.

Funeral services were held Monday morning from the residence followed by a Requiem Mass at White Cypress Catholic Church.

Interment was in Fenton Sand Hill Cemetery with Lewis Nolez, Oswald Lader, Cecil Lader, Donald Wayne Lader, C. J. Hada and Buddy Shiyu as pallbearers.

### Mary Ada Edol

Mrs. Mary Ada Edol, 70, a native and resident of Waveland, died at 8:50 p.m., Saturday, August 15, in Hancock General Hospital.

She was a member of St. Clare's Catholic Church, St. Clare's Sodality and World War I Veterans Auxiliary, Post 2537, Waveland.

Daughter of the late Lucien and Virginia Carrio Bourgeois, she is survived by a sister, Mrs. Gertrude Lader, Waveland, and a brother, Freddie Bourgeois, Cut Off, La.

Funeral services were held at 2 p.m. Monday from Riemann's-Fahey Funeral Home followed by a Requiem Mass at St. Clare's Catholic Church with Rev. Walter Maloney, pastor, officiating.

Interment was in Cedar Rest Cemetery with Mrs. L. Bourgeois, Alvin Lader, Charles Carver, Ory Bourgeois, Anthony Bourgeois and Fred Bourgeois as pallbearers.

### Party Given Youth Group

A dozen boys and the attractive Miss Charlotte Pinza, all participants in the Bay St. Louis neighborhood Youth Corps project, were faced at a "Thank you and Farewell" appreciation party given on last Thursday at the Webb Center.

Mr. Sheriff, I believe in private enterprise, but not to grow in private enterprise while losing money as sheriff. Being sheriff is a full time job whether you are making or losing money.

Now, Mrs. Sheriff, "oops", I mean Mr. Sheriff, about private enterprise.

Mr. Sheriff, if the Security Agency belongs to your wife and children, what about your ad in the "Ogyl" Pass Christian paper? It says, "Cure's Leasing Company" Trucks and Heavy Equipment, 509 Highland Drive, Bay St. Louis, Miss. 467-6888-467-5202. Who does the dragline out at Diamond Head belong to? What about the 450 John Deere? What about the four or more trucks that you own? Didn't this equipment stay on clean-up for sometime?

Mr. Sheriff, do you or any deputy or both, draw a check from T.L. James, a prime real contractor in Hancock County? If this is true the power of sheriff must have lots of influence; or should I say, using your job for personal gain.

Mr. Sheriff, have you made statements of this nature? "I have my flour in the barrel." Mr. Sheriff, I believe your private enterprise takes you from doing your duty as sheriff. You owe more to the people of Hancock County than they are paying for.

We have some conscientious dedicated law officers in the County. To name a few Leslie Deceun, Terry Homes, Alton Lumpkin, Charlie Johns and Jimmy Norman, and a few others.

Isn't your chief deputy, "Alton Lumpkin" moving back to his home in Lestown? There for a long time Terry Homes, Alton Lumpkin, Glen Duer and Glen Klen pay from 8 to 18 hours per day, 7 days a week for the safe keeping of Hancock County. They have probably never gotten thanked, I know their pay wasn't enough to thank them.

Mr. Sheriff, it is true that Large groups came from New Orleans, Mobile, Slidell and Bogalusa. Twenty states were represented and one caller came all the way from England. Dancers from the greatest distance came from Minnesota. Several enjoying the festival were from Georgia, Tennessee, Florida, Texas.

The classes are held once a week in the Gulfport Bay View Methodist Church. The Scholastic Live in Spanish Area and will be glad to guide any interested persons toward club membership or toward dancing lessons.

Roller skate and enjoy a fun-filled evening. All sessions well supervised, wholesome recreation. Lots of food and gas.

## Our readers write

Editor, Sea Coast Echo

In your paper August 13, 1970, I wrote an article in response to your article written August 6, 1970, "Law Enforcement of Hancock County."

On August 14, 1970 about 11:30 a.m. I received a telephone call. I was not in, so a number was left for me to call. I came in about 12:10 p.m. and as always, responded to the number left. I placed it called to 467-4988. The call was occupied by some lady whom a short time later, I found to be Mrs. Ruth Curet. For the readers that don't know, that's the sheriff's wife.

Mrs. Curet, did you tell me this wasn't Freddie's house looking for? If so, should I take this as a threat?

Mrs. Curet, did you tell me that Curet Security Agency was in your house and the children's room? If so, I thought the sheriff had the authority.

Several times I told her she was not the sheriff and I had nothing else to say. I told her I had written the letter in response to the article the editor had written. I ask her if she read the paper the previous week.

Mrs. Curet, did you tell me you didn't read that "Local Trash"?

Mrs. Ruth Curet and Mr. Sheriff, I believe in private enterprise, but not to grow in private enterprise while losing money as sheriff. Being sheriff is a full time job whether you are making or losing money.

you encouraged deputy Carver to buy a truck, then after he bought it, you being in "Power" put out the word it was not to be worked. Deputy Carver black the dump for two days one time, then one day on another occasion? If this be the facts, "It's rotten." I still have a lot more questions but they can wait.

Constance Joe Dubois 63 P.S. Mr. Sheriff, the other questions along with those are directed at you. They deserve answers. Please tell your wife you are running the affairs of the county and not to call me anymore.

Editor, Sea Coast Echo:  
I am writing in regards to an advertisement in the Sea Coast Echo, Aug. 13, 1970, in which the Hancock County Health Department and other health officials were endorsing the Town of Waveland's bond issue to fight pollution. Could this be the same anti-polluters who have continually ignored the protests of the citizens of this area and let the city of Bay St. Louis and others, in my opinion, pollute a big portion of the southern part of Hancock County by dumping highly polluted sewage into a natural drainage. Starting in the Town of Waveland, on to the town and county line, into Warr's Bayou, from Warr's Bayou into Jordan River, from Jordan River into the Bay of St. Louis. Remember, Warr's Bayou, Jordan River and the Bay of St. Louis, are all tide water areas, so naturally they back the pollution into all the inlets and outlets adjoining these bodies of water.

Again I ask, are these the same anti-polluters?

Sincerely,  
J. A. BRELAND

## REAL ESTATE FOR SALE

My credit was not good enough to build. We are giving up and moving west.

I purchased this piece of ground, not for speculation, but to build a dream upon.

It is unquestionably the most beautiful spot in its price range in this area.

It is in the city limits of Bay St. Louis.

It has one oak tree, about 15 pines, and many flowers and shrubs.

It crosses a small lagoon with excellent fishing.

Across the lagoon is a marsh, and across the marsh is a view of the bay, and of fantastically beautiful sunsets.

There is part of a house sitting where the storm hit it. The rest of the house has been dismantled and is stacked nearby.

All the utilities were connected, and the connections are still there.

It is very secluded - only the back of two other houses are visible a block away.

It is 950 feet from the ocean.

The price is \$2,000. No terms available.

Please be gentle. It's something we love.

Thanks Participants

In a recent interview following the Camille Commemorative services sponsored by the Hancock County Chamber of Commerce with Norton Haas, Sr. serving as program chairman it was revealed that collections taken up at the entrance gates of Tiger Stadium and to be used for Hurricane Celia victims amounted to \$366.15.

Chairman Haas said: "I would like to report that the Thanksgiving Service held on the anniversary of Hurricane Camille was well attended, very impressive, and a great success in every way.

"I wish to take this opportunity to thank the members of the Clergy of all faiths from throughout Hancock County and the citizens who participated in the Thanksgiving Service. I would like to further thank the members of the Chamber of Commerce Committee, the Boy and Girl Scouts and many other individuals that worked so hard to make the program the great success it was."

CYO Blois Officers

Chris Logarde was elected president of Our Lady of the Gulf CYO at last Monday's meeting.

Others named to office were Joe Beavens, vice president; Malinda Logarde, secretary, and Evelyn Murtogh, treasurer.

Because of postponement of Monday night's meeting members who plan to go to Lake Pontchartrain are asked to call Chris Logarde at 467-6686 to confirm their reservations.

## Reading Club Awards

Certificates are being given out on an individual basis to those completing the requirements of the Summer Reading Club for young people who are patrons of the City-County Library, according to Mrs. Edith Humphrey.

Mrs. Humphrey said: "We consider this program very successful. 81 people enrolled in the Summer Reading Club at the beginning of the summer. There is no required list of reading material, but to qualify for a certificate a minimum of 15 books must be read. Forty certificates will be given out."

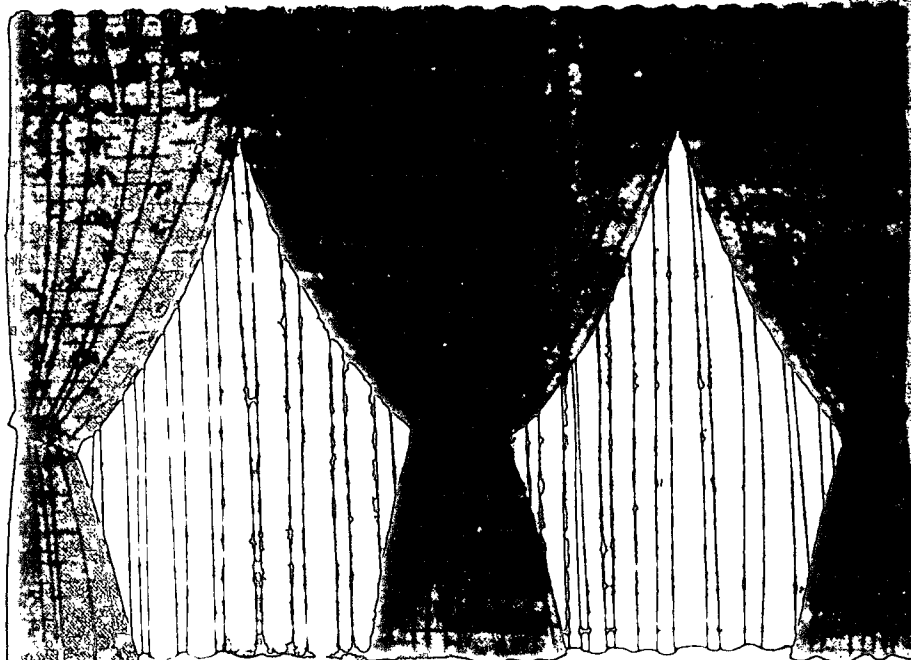

There will be no formal presentation of the certificates, according to Mrs. Humphrey, who said it is difficult to get a group together in the summer time. "The certificates are presented at any time convenient to the recipient," explained the librarian.

## KANTCHA KETCHUM

By L.S. (Doc) Elliott

The past weekend was, as it should have been, no rain, good time for both fresh and salt water fishing, a full moon which makes hard and soft crabs full of meat.

Sitting up Jordan and Pearl Rivers made it hard for fishermen but excellent for others. Why don't skiers leave to keep away from these fishing holes. There is plenty of room on the other side of the stream for those who like sitting and watching others fish. If you like sitting, do it, but have respect for those who only enjoy other sports.

Hard crabs are still giving and are being caught most everywhere. Right now they are full. Salt shall crabs are not too good. A few are found by the harbor.

Spawning of soft crabs began. Longo and Mary Thomas had an exceptional night. They caught a good sized turtle. The whole family enjoyed the catch.

Howard Harper, house chairman at Pass Christian Isles Golf Club is planning another tournament. Hope it materializes.

Lee Knight, pro at the club has the course in good shape. All golfers enjoy playing in a tournament—no matter what flight they participate in. It separates the men from the boys.

There will be a benefit shooting match for St. Ann's Church at Ansley on August 23rd with a supper Saturday night and soft ball games and other events. Plan to attend, have a grand time, while helping a good cause.

On the subject of church fairs the one for Our Lady of the Gulf Church held the past week and as usual was a good success, thanks to "Big John" Burkhardt and numerous other workers. A fair without John is like a circus without clowns.

Just a reminder for those who drink beer and other beverages from cans while fishing. Don't throw the cans from the cans overboard. They are eaten by fish, believe it or not, and kill a lot of them. This has been proven by our Fish and Game Commission.

Henry Otis doesn't claim to be much of a fisherman but is a charter member of the Hancock County Fishing Rods. Henry is doing a good job.

Hop Carter is a retired "Bird Colonel" which means he was a pilot on all type planes during World War II and since. He owned the Rendezvous, a fishing boat now owned by Red Seymour. He and Red were fishing buddies and tell some great fishing stories.

Norvin Fayard and Ron Henderson have been catching a lot of speckle trout down Cedar Point way recently. Norvin is one of our best old time fishermen and has caught his share of fish. He claims they are moving up Jordan River. There should be some good fishing up that way soon.

G.E. Sterling and family were down from Akron, Ohio. He is married to Gloria Stahl. Fishing is just up that way, he said.

Regretted hearing of the death of Albert Stahl last week. Albert was one of our best citizens and neighbor for many years. If you remember the commuter train you will remember Albert Stahl. Sympathy is extended to his family.

Hugh Miller does quite a bit of fishing. He is retired and should enjoy doing his favorite sport.

Charlie Stahl enjoys his boat and catches a lot of fish. Looking forward to that trip.

Was a pleasure talking to Larry Lawrence and time fishing buddy. All work and no play is bad Larry.

Jack and Chilton Semonsen were busy boys at the church fair. Did a good job helping out fellows.

Rev. Gregory Johnson of Our Lady of the Gulf Church enjoys playing golf. Looking forward to that game Rev.

John Plow said they are

Do You Have A Drinking Problem? Alcoholics Anonymous meet every Monday. Main St. Methodist Church. 8:00 p.m. For the family members of the problem drinker, Al-Anon meets every Monday, 8:00 p.m. at the same place.

SPORTSMAN OF THE WEEK  
Louis Dezel one of our younger fishermen really loves his fishing. Louis catches mostly salt water fish. At catching speckles and red fish, he is tops.

## Change Of Commanders

Effective 22 July 1970, 1Lt. Jeffery L. Bodouin has taken command of the 134th Transportation Company (Lt Mdm Trb) (-), 114 Bodouin has been the Training Officer and Platoon Leader of the 3rd truck platoon for the last four years. He relieves CPT Lionel N. Eleuterius, who has assumed his new post as Battalion Maintenance Officer for the 138th Transportation Battalion, based in Biloxi.

Replacing 1Lt Bodouin as Platoon Leader, will be 2Lt. Robert W. Jackson. 2Lt. Jackson's previous assignment had been Assistant Operations and Training Officer for the Mississippi State National Guard Officers Candidate School in Jackson, Mississippi.

The 134th is a split company, with a light truck platoon and headquarters section here in Bay St. Louis, a maintenance section and 1st truck platoon in Pascagoula.

## Novices Profess Vows

The Novices from St. Augustine's Seminary in Bay St. Louis would like to announce their first profession of vows on Saturday, August 29th in the seminary chapel at 10:00 a.m.

In September they will begin their four year course of Theology in Chicago, Illinois.

The good citizens of Mississippi, and we do need your help.

## New Litter Barrels Placed Around Town

Have you been wondering about the bright, new orange litter barrels placed around town? These are an example of what many people working together can accomplish.

## Attending Army Camp

Cadet Willie L. Miller IV, whose parents live at 317 Farrell St., Piquem, Miss., is attending the Army Recurve Officer Training Corps' advanced summer camp at Ft. Bragg, N.C. from June 20 to July 31.

The cadet is one of the approximately 17,000 young men expected to attend ROTC camps at various military installations throughout the nation.

At summer camp he will be a small unit leader and instructor in realistic exercises, and will receive command experience and the opportunity to use classroom knowledge in the field.

Miller is a graduate of the Marion Institute, Marion, Ala.

These barrels were purchased by Mr. Russell Elliott, Pres. of Board of Supervisors and donated to the City of Bay St. Louis. Mr. Robert Reigher, Operation Upturn authorized them to be placed by the Youth Corps under the supervision of Mr. George Scuzeneau. Mayor Carver requested the Mayor's Committee on Clean-up and Beautification to suggest locations where the barrels were most needed.

Now that the barrels are in place, it's up to you. Anyone can toss a can or paper cup out the window, but it takes an interested, concerned citizen to walk or drive the extra foot or two and use the litter barrel.

Bay St. Louis needs its citizens and visitors to CARE. Please cooperate with us to make our community a cleaner, better place in which to live.

OUR OF THE LIBRARY WITH MR. MELVIN DEWEY

Mr. D. C. Busch, Librarian Bay Senior High School

the summer season is fast approaching and our thoughts are directed toward school and the various subjects of subject matter. Students will become involved with the subjects of science, mathematics, language and the arts because they are most essential in our learning program. With these in mind we focus our attention to the utilization of the library and its facilities for helping us to take care of our learning problems.

Our efforts to correlate the library with our subject matter is most important that we become better acquainted with the library and its services. A tour through the library is a helpful and purposefully rewarding. Coming to the library is a complement and a supplement to classroom experience. A library is a living record of man's progress from the beginning to the present.

Age to the Space Age. The library is a place where we seek knowledge beyond our text-books in a quiet, pleasant atmosphere that is conducive to learning. With this in mind we begin our tour of the library.

Mr. Melvin Dewey, a librarian in Boston, Massachusetts, has a working plan to classify all books in the library under general headings, non-fiction and fiction books. The non-fiction books are classified under numbers and the fiction books are classified as fiction. The non-fiction books begin with numbers 100-199. These represent Philosophy or what we think of ourselves. A philosophical approach to the study of who we are, what we are, and what we should be. Who made this world with its vast area of beauty? From this question we come to a super-natural Being-God is the Maker of all things. To our religion. It is included in numbers 200-299. Number 300-399 is given to Christianity, etc. Our decision about ourselves and our religion interests us in the "Social Sciences" in numbers 400-499. We are questioning the vastness of the universe and relation to communities and those who live in and make up our community. What part of this universe is labeled as our country? With the vast area of progress the universe as whole we are in these numbers 500-599.

Numbers 600-699 concerns our communication with our world. The use of language. Every language has its number - English, German, Russian or any other language - that we use in our communication with our "World Neighbors". Learning to communicate increases our desire to know how to understand this world God has given us with so much to explore. We turn our attention here to the sciences. Numbers 700-799, 800-899 take care of the way in which we utilize those up which nature provides. We take the "tree" from the 500 up and make furniture, we build bridges, cook food and make things. These are our Applied Sciences.

We continue our tour into the Fine Arts, 700-799. Here we learn to take our leisure time and convert it into healthful enjoyment. We learn to swim, to play music, to draw and to paint fully in all the arts.

We have learned how to use our leisure time wisely and now we are to tell future generations about our own heroic deeds and heroic deeds of the past. We will use 800-899 to learn that we told his fables, his plays and poems. We now journey into the 900-999 area. History. We have told fables, stories and said no and we find a more definite answer to the question of who we can leave outstanding records to future generations.

After 900 gives us - General History; 910 gives us Geography; 920 gives us Collective Biography; 93 gives individual biography; 973 gives our own United States History.

Our tour would be quite incomplete if we failed to mention numbers 000-099, General Works. These numbers take in all encyclopedias and books on information. "R" over the classification number means Reference.

"A READING STUDENT IS A PROGRESSIVE STUDENT"

Reading Done At Court House

Grounds of the Hancock County Court House were being used for a reading program recently when members of the crew of the Corps of Engineers used heavy equipment and a tree stump was ground down in a matter of less than five minutes. There was a bit of tree trunk and railing under way, for the first time since the Camille the national flow over cleared grounds public property in the Court

## FROM ANSLEY

MRS. AUGUST LADNER  
PHONE 467-7471

Don't forget our church fair Bonfire at St. Ann's Chapel Ansley, starting with a Spaghetti supper 8 p.m., Saturday August 22, Sunday Aug. 23rd fair, dancing match, car ball tournament and cake. This is to repair the church, the oldest (little) chapel left standing in the county, which was damaged by Camille. Also this will be the first fair to be held since the early 1930's.

Sorry to hear Charles (Rip) Schwartz has an injured hand. Rip is stationed at Fort Leonard, Mo.

Torrell Ladner came home Sunday night but had to return to Camp Shelby Monday for another week. He is with the National Guard. Last week they went to Kentucky and back to Shelby.

Mrs. Leon Green received a letter from her son Clarence (Shelton) Green and his wife. Everything is fine except Clarence has his foot in a cast. He is stationed in Germany.

Happy Birthday goes out to August Moran on August 18.

I want to apologize to Charlie Hammer for not mentioning his birthday which he celebrated with a party on August 2nd.

Mr. and Mrs. Whiting of New Orleans spent the week at their home in Ansley.

Mrs. Ester Brown motorized to New Orleans to visit her son and daughter-in-law and family. Mr. and Mrs. George Hillborn.

## Rocky Hill - White Birthday

### Cypress News

by Jeanette Brown  
230-7201

Tomorrow night, Friday, August 21st, there will be a Park shooting match at White Cypress Youth Center, starting at 6:30 p.m. and a dance, starting at 8:00 p.m., by Sammy Cuevas band. It will be for the benefit of Mr. and Mrs. Wilton Needles, of White Cypress.

There will be a Teen Age Dance, Saturday night, August 22, at Annunciation gym. Music will be by the Thunderheads of New Orleans. Time: 8:00 p.m. to 12:00. Admission will be \$1.50 per person. No one under 13 will be admitted. This dance is sponsored by the Kila C.Y.O.

Decorio Lizama, of White Cypress celebrated his seventh birthday with a party, at the home of his parents, Mr. and Mrs. Howard Lizama, on Sunday August 16, 1970. Cake, ice cream, and punch was served.

Those attending were: Debbie, Chris, and Cathy Perreish, of Long Beach; Janet, Candy, and Dwayne Jones, of Gulfport; Lisa, Pat, and Chris Ladner, of Gulfport; Margaret Lizama, of Piquette;

Jimmy Gordon, of Alabama; Mark and Dave Mitchell of Moss Point; Mark Warren, Marlene Breaux, and Brenda Cuevas, all of Rocky Hill; Penny, Chris, and Scott Martin, and Angie Shyon, all of Standard.

A good time was had by all.

Mrs. Hazel Mauffray, of Pascagoula, returned to her home, after spending four weeks with her daughter and family. Mr. and Mrs. Lee Cuevas, and Darlene and Brenda, of Rocky Hill.

Sympathy is extended to the family of Julius Peterson, who passed away this past weekend.

Sympathy is also extended to the family of Mr. Alex Ladner, who passed away Sunday.

Mr. Johnny Roland, has returned to his home at Rocky Hill, after spending two weeks in the hospital in Sibley, La.

Tau Beta Pi.

The wedding will be solemnized September 5 at 2 p.m. at the Main St. Methodist Church, Bay St. Louis.

makes it easy for you to own a famous encyclopedia.

## Now you can have this handsome 25 volume FUNK & WAGNALLS STANDARD REFERENCE ENCYCLOPEDIA

for only \$1.89 per volume

We're so confident that you'll want the complete set after looking through just one volume, we're offering Volume No. 1 at the trial price of

**25¢**  
with any \$3.00 food purchase.

Pick up a volume or two each week when you shop.

The publishers of this encyclopedia came to us with a good idea. An idea so good, in fact, that we're happy to pass it on to our customers.

Just imagine owning a handsome family encyclopedia for only \$1.89 a volume. Starting this week, we're offering the Funk & Wagnalls Standard Reference Encyclopedia at that remarkably low price. And to prove to you what a fine value this encyclopedia really is, we're offering Volume No. 1 at the trial price of 25¢.

Don't let the low price fool you. This is a quality reference work in every sense of the word. The publishers called upon over 200 leading authorities, experts in their respective fields, including Nobel Prize winners, to help gather the information and to write the easily understandable text. It contains nearly 10,000 pages in 25 beautifully bound volumes. 7,000,000 words. 30,000 subjects. Over 5,000 pictures and illustrations. Plus a full-color World Atlas. It all adds up to a fine encyclopedia that can benefit every member of your family.

School-age children don't have to be coaxed to consult it frequently. They find new interest and excitement in study periods and their grades can improve noticeably. It's an excellent way to help your child work up to his full potential for school. Parents, too, find it useful and informative and often wonder how they ever did without it.

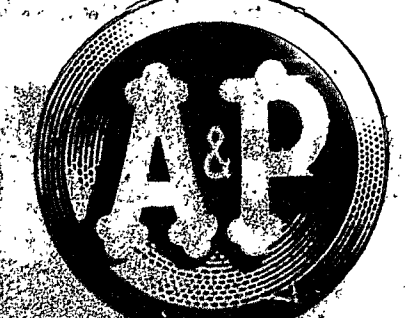

We won't quote the complete review by the Subscription Books Committee of the American Library Association, but the final paragraph says:

"Because of its wide coverage of information in factual and clearly-written, well-illustrated succinct articles, and because of the convenience of its lightweight yet durable format, Funk & Wagnalls Standard Reference Encyclopedia is recommended for the purpose for which it is intended, that is, as a brief reference set, especially for home and family use."

The Funk & Wagnalls Standard Reference Encyclopedia can be offered at such an exceptionally low price because it's sold through supermarkets. In fact, the publisher has already sold more than 100 million encyclopedia volumes to smart families through supermarkets across the country.

Stop in today and see what the excitement is all about. Volume No. 1 is on sale right now. Pick up a volume or two each week when you shop and in no time at all you'll have the complete 25-volume set.

It's everything you'd expect a good encyclopedia to be.  
And it's not expensive.

### Hancock Is Hot County

According to a recent report issued from the Mississippi Forestry Commission, Hancock County is one of the "hottest" in the state. State Fire Control Director, H.O. Stewart, issued last week some rather startling statistics concerning fires in 79 of Mississippi's 82 counties, for the fiscal year beginning July 1969 and ending June 1970. According to the report, the north western part of the state had the least number of fires as well as the least percentage of acres burned. The southeast district, the district in which Hancock is located, not only had the most fires occurred, but also had the largest percentage of acres burned, and the largest average acreage per fire.

Bolivar County was the highest ranked county with only 29 fires per million acres. Pearl River County, was ranked 61 with 673 fires per million acres. Hancock County was ranked 72 with total of 1,0380 fires per million acres last year. Harrison County, was the least ranked in the state with 2,530 fires per million acres. Fires are figured on a million acre basis. Therefore, Hancock County, with 31400 acres of land, had a total of 312,000 fires last year. Hancock County was ranked 78, best to last, in percentage of acres burned and average size of fire. The average fire in Hancock County burned 29.43 acres last year.

It is difficult to understand why Hancock County would be the "hottest" in the state. Hancock County has approximately 9,000 acres of land, mostly forested. Last year, fire, burning the timber, cost the county more than \$450,000.00 worth in smoke. Last year in our county, this does not include the damage done to the soil by fire, or the loss of wild life.

## Welfare Curtailing Services

The Hancock County Welfare Director, Mrs. Frances Frankiewicz, has announced that because of a state-wide revision of the Welfare administrative system and computerization program, it has become necessary to curtail

services of the agency and personal interviews with Social Worker staff until September 10.

During this period priority must be given to a special desk review and audit of all cases presently active. When this is completed the agency hopes to be able to give quicker service in the future. In the meantime the department hopes that Welfare recipients and applicants will be tolerant and understanding of delays in processing their cases.

Applications for public assistance and services will continue to be accepted and registered in person or by telephone, however, completion of determination for eligibility will necessarily be delayed until the priority review is completed.

## 4-H Originated in Mississippi

by Dixie O. Parber  
Assistant Home Economist

In these days of talk about inflation and how Mississippi is 50th in this and 48th in that, wouldn't you like to talk about some of the things in which Mississippi can claim first place? One of the greatest of these firsts was the beginning of the 4-H Clubs. On December 11, 1907 William Hall "Corn Club" Smith became the first individual and Mississippi the first state to have a Rural Youth Organization sponsored by the federal government.

This began in Lexington, Holmes County, under the guidance of Mr. Smith and the county agent, W.B. Lundy, with boys in the Corn Club, producing a high yield of 120 bushels on 1 acre. In October of that year 82 of the 120 boys exhibited their corn at the County Fair in Lexington. For this work Mr. Smith was paid \$1 per year and franking privileges.

From this Corn Club, things began to expand. In 1908 the first Poultry Club began in Lee County. The Pig Club began in Oltibbeha County in 1909. Cully A. Cobb was appointed State Boy's Leader that year. A strong supporter of 4-H and MSU he now lives in Atlanta, Georgia.

By no means were the girls left out. In January of 1911 Susie V. Powell, school teacher,

## Plans

## Retreat

A group of young people of the First Baptist Church leave August 24 for a retreat. They will make a retreat for the Methodist Episcopal Church at the Methodist Episcopal Church. The retreat will be held at a local church.

Following the worship service August 23, there will be a special fellowship for the young people.

All young people of the church are invited and all are plan to go on the "Retreat" retreat much at all. Music and Youth Director Romie Hargis announced.

was appointed to organize Tomatoes Club. She also was given franking privileges plus \$1 per year salary. Copiah and Lincoln Counties can claim this honor.

Also at this time the three-h's began (Head, Heart, and Hands). Miss Powell was appointed the first State Girls Leader.

In 1914 the 4-Leaf Clover design was adopted as the emblem. The first Boy Club began in Covington County that year. Then in 1917 things began to move together with the first 4-H paper "Mississippi 4-H Club Boys."

In 1921 a Sunflower County 4-H'er was the first National Health Winner and attended the first National 4-H Club Congress in Chicago.

From then on it seems that the only limitation on 4-H was the imagination of the 4-Hers and the adults who work with them. After only 55 years of club work 4-H reached a record enrollment of 1,077,455 members in 1962. In 1959, 15 Mississippi 4-H'ers won a total of \$7,300 for National 4-H record competition.

Though this has only scratched the surface of how Mississippi has led the way for 4-H which is now in all 50 states and 72 foreign countries, it does say a lot for Mississippi and her people. Don't you want your child to be a part of such a great program? Wouldn't you like to help with these ever expanding 4-H's-- Head, Heart, Hand, and Health?

MR. AND MRS. CHARLES RAGLE OF OCATATRE, ILL., ACCEPT DELIVERY OF THEIR NEW CHEVY FROM SALESMAN JOE BERMOND OF LAMAR-LANE CHEVROLET IN BAY ST. LOUIS, MISS.

Mr. and Mrs. Charles Ragle of Ocatatire, Ill., were on vacation and had the misfortune of a collision with their car and it was a total loss. When their insurance Adjuster came and appraised their car they were greeted by salesman Joe Bermond of Lamar-Lane Chevrolet. Since their car wasn't fixable they decided to buy a new car and continue their vacation. Joe Bermond gave Mr. and Mrs. Ragle a Lamar-Lane deal that was to their liking and they continued their vacation in a Lamar-Lane Chevrolet. Mr. and Mrs. Ragle were very much impressed with the professional way salesman Joe Bermond of Lamar-Lane Chevrolet treated them and how friendly all of the folks at Lamar-Lane Chevrolet were to them. If you're thinking about buying a new car or truck, visit Lamar-Lane Chevrolet and ask for salesman Joe Bermond, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MR.
